

The Ultimate Destination

The fifth volume of Anant Yatra, the correspondence between Saint Kasturi and Shri Babuji, in its French version is now ready for release for the benefit of all the French speaking abhyasis. The completion of this work has been made possible by our revered Master's grace and it is with absolute reverence that we present this work at His holy feet. Help came in the way and we take this opportunity to wholeheartedly thank Christophe Maulet, our brother abhyasi who provided a first translation draft thus giving us an opportunity to significantly shorten the time necessary to achieve the work in its final form.

This last volume of the correspondence between Saint Kasturi and revered Shri Babuji stands out for it gives a detailed description of the higher conditions, those that are met at God's realization, in the Central Region and the seven rings of splendour. What is depicted herein is beyond imagination and also beyond the world of words; as Babuji wrote to her, " you have reached the condition where from a new vocabulary should now be created." How fortunate are we indeed to have access to such an account of the Ultimate Destination, which every sincere abhyasi should strive for.

We find that as a perfect abhyasi Saint Kasturi has kept her position till the end and lost herself in totality in the great Divine Power of the Master. While losing all her belongings our revered sister has no doubt acquired the wealth of a fakir as described by Shri Babuji in His book, "Voice Real":

"The Master has bestowed what He had, and the beggar has got the same, before which the greatest of kings and saints of high rank would bow down."

Her journey in the Infinite would not have been possible without the state of dissolution (Laya avastha). But how did she reach such an extreme state of dissolution in the Master? It seems that the Divine smile of Shri Babuji has been a silent invite and power of attraction all throughout and on the other side her unflinching and undivided attachment to Her Master has acted as a chain that nothing could ever shatter. In other words, it was the result of the gift of Divine Love.

This gift of Divine Love is there for us all to get; but it is up to our Master, Shri Babuji, alone to choose to bestow His grace on an abhyasi according to His sweet will; we, as abhyasis, have the sacred duty to stay firmly attached to our Master under any circumstance and point of reach in our journey, in such a way that the heart cries: "I cannot live without you!" and by uttering this, only "you" remains and all the rest vanishes away, rather melts away including the self.

May Babuji's grace and blessings shower upon His abhyasis for our rapid progress toward the ultimate destination and may all sincere seekers be brought to His system and holy feet wherever they are. May He also bless us all with the perception of His Divine form (Darshan) and smile.

In service of Divine Shri Babuji
